

COMPETENT CREW

Duration: 6 days

This course is aimed at people who would like to be active crewmembers rather than just passengers.

By the end of the course you will be able to:

- Steer the boat.
- Handle sails and ropes.
- Keep a lookout.
- Row a dingy.
- Assist in the daily routines on board.

Students do not need to have any pre-course experience or knowledge. For those students who want to get a head start the RYA Competent Crew handbook (ref. CCPCN) contains a lot of useful information.

The RYA specifies that the primary language of instruction is English. Students that do not have a good command of English will have difficulties completing the course successfully.

Successful students will be issued with a course completion certificate.
